“ So sorry to hear of the passing of Tony as we called him growing up in school from the earliest I can remember. Tony was always a sweet, quiet person and growing up with him now I know was a privilege as he was a very good friend of mine in 8th grade and was a funny, humble soul. The last time I saw him he had helped feed the community Thanksgiving dinner. He will truly be missed. Will miss seeing him passing by his house and honking and him looking like who in the world was that? Kristy Smith
